- 4.3 We give no warranty, representation or promise as to the performance or profitability of your Account with us or your investments or any part thereof. Past performance is not a guide to future performance.
- 4.4 The value of investments and the income derived from them can fall as well as rise and is not guaranteed. No investment guarantees any profit or freedom from loss.

However, we reserve the right to void any such Transactions if we consider, acting reasonably, that such action is appropriate. We also reserve the right, at our reasonable discretion, to cease trading at any point with someone acting under a power of attorney.

7 CLIENT CATEGORISATION UNDER MIFID II

- 7.1 As per MiFID II the Company's clients shall be categorised in three (3) categories intended to reflect both client's level of knowledge, experience and expertise in the financial markets and their ability to understand and take on the risks arising from their investment decisions, in order to adopt protective measures to the particularities of each category of investor. In compliance with such requirements imposed under MiFID II, we categorise our clients in the following three (3) categories:
- a. **Eligible Counterpart(y)ies ("ECP(s)")**: a category that includes: (a) **per se eligible counterparties** (*i.e.*, entities automatically treated as eligible counterparties), such as investment firms, credit institutions, insurance companies, undertakings for the collective investment of transferable securities ("**UCITS**"), pension funds, national governments etc, as well as, (b) entities that may be treated as eligible counterparties upon their request (**elective eligible counterparties** (*i.e.*, such as large undertakings that meet pre-determined proportionate requirements, including quantitative thresholds, and fulfil the prescribed opt-up criteria; recognition by the MiFID II Member State in which they are established is required for the latter entities to be treated as '**ECP**'; for this type of customer MiFID II provides for a basic level of protection since these are entities that by their very nature must operate directly and frequently in the financial markets;
 - b. **Professional Clients**: a category that includes all of the entities that fall within the 'Eligible Counterparty' category referred to above (such as investment firms, credit institutions, any other authorised or regulated financial institution; insurance companies, a collective investment scheme or the management company of such scheme, a pension fund), plus a handful of others, such as 'institutional investors whose main activity is to invest in financial instruments' and exceptionally some individuals who may be treated as professionals on request; Per se Professional Clients are deemed to have more investment knowledge, experience and expertise and are provided with less protection under MiFID II, since they are assumed to have sufficient knowledge of the markets and financial instruments to be able to take their own investment decisions and to understand and take on the concomitant risks. The Company may treat a client as an Elective Professional Client if it takes all reasonable steps to ensure that the client making such request satisfies the relevant requirements (e.g., qualitative and, where applicable, the quantitative tests). An Elective Professional Client should not be presumed to possess market knowledge, experience and expertise comparable to a Per se Professional client.

- c. **Retail Clients:** a category that includes clients not falling within the Eligible Counterparty/Professional Client categories, who are deemed to have less investment knowledge and experience; they receive the maximum level of protection provide for by MiFID II both in carrying out the tests and in the scope of the pre- and post-contractual documentation and information that must be made available to them; this category includes the majority of individuals;

We will notify each client in writing as appropriate of the categorisation assigned. Any such categorization, as well as any notification thereof, will be valid and will apply to all Accounts held by the client with us. Please note that you shall be treated as a **"Retail Client"**, unless we shall categorise or re-categorise you as a **"Professional Client"** or an **"Eligible Counterparty"**, depending on the information that you shall provide when completing the registration process or thereafter. In certain circumstances we may wish to re-categorise you, but if we do so we will explain clearly why we are doing this and the effect this will have on your protections and compensation rights. MiFID II also establishes objective criteria, which we have followed in carrying out the categorisation and communicating the outcome to clients individually, and which we have incorporated into our **Client Categorisation Policy** established for this purpose. In accordance with such requirements imposed under MiFID II, we attach different levels of regulatory protection to each category and hence to each of our client. In particular, Retail Clients are afforded the most regulatory protection; Professional Clients and Eligible Counter Parties are considered to be more experienced, knowledgeable and sophisticated and able to assess their own risk and are thus afforded fewer regulatory protections.

For further information, please ensure that you thoroughly read our **Client Categorisation Policy** which can be found on our Company's website.

8 Our relationship with you

- 8.1 We are required by the FCA Rules to categorise you, and in accordance with these rules we have classified you as a Retail Client.

- 9.2 Generally, we will ask you for this information during the Account opening procedure in the Client Application Form but we may need to ask you for additional information in the future, for example (but not limited to), if you decide to deal in a new product type or sector.
- 9.3 If you do not provide sufficient information to allow us to carry out the appropriateness assessment, or do not provide any information at all, we will be unable to assess whether you have the necessary knowledge and experience to understand the risks involved, what is appropriate for you or is in your best interests, and you may not be allowed to use our Services.

- 9.4 If, on the basis of the information that you have supplied to us in relation to your knowledge and experience, we consider dealing in the particular instrument/product is not appropriate, we will warn you of this. Following this warning, if you still wish us to proceed with the Services, we may allow you to do so at our sole discretion.
- 9.5 If in doing so, you should note that these products may be unsuitable for you and you may be exposing yourself to risks that fall outside your knowledge and experience and/or which you may not have the knowledge or experience to properly assess and/or control.

- 10.6 You will provide to us information and/or documentation regarding your source of funds and source of wealth as we reasonably require to comply with anti-money laundering regulations. We may close your trading account with us or terminate our relationship with you without any prior written notification if you do not provide us such information upon our request.
- 10.7 You must pay any amount payable in respect of any Transaction executed with or through us on the due date regardless of any right of equity, set-off or counterclaim which you may have or allege against any of us or any Associate of ours or other person connected with us.
- 10.8 Credit/debit card payments may be submitted for processing as a single payment or two partial payments that together equal the agreed payment/deposit amount.
- 10.9 We reserve the right to impose deposit limits and deposit fees in our systems, at any time (e.g., in the event we detect any form of abuse, fraud, or any other form of deceitful or potentially fraudulent activity in the client's account(s)).
- 10.10 Card and payment processing services are provided, inter alia, by Wirecard Bank AG which, for this purpose, acts as a "controller" as defined in article 4(7) of the Retained Regulation (EU) 2016/679 (the "UK GDPR"). Please visit <https://www.wirecardbank.com/GDPR> for more information.

- 11.4 Where monies are held outside of the UK, the legal and regulatory regime applying to any such bank or third party may be different from that of the UK and in the event of the insolvency or any other equivalent failure of that bank or third party, your money may not be as effectively protected as if your money is held with an equivalent bank or third party in the UK.
- 11.5 Your money will be lodged in the selected currency of your Account unless, and at our reasonable discretion, we have no Client account denominated in that currency and it is unduly burdensome for us to open such an account. Your money will be adjusted each day to an amount at least equal to the original currency amount, translated at the previous day's closing spot exchange rate.
- 11.6 You will not be entitled to interest on any Client Money held with us, unless we expressly agree otherwise with you in writing.

- 11.8 Where any Obligations owing to us from you are properly due and payable to us, we shall cease to treat as Client Money so much of the money held on your behalf as equals the amount of those Obligations in accordance with the Client Money Rules. You further agree that we may apply that money in or towards satisfaction of all or part of those Obligations due and payable to us.
- 11.9 In the event that your Account(s) and/or our business covered by these Terms is transferred to another Associated Group entity in whole or in part, you authorise us to transfer any Client Money relating to the business being transferred to that person or someone nominated by that person to the extent permitted by the Agreement and the Client Money Rules, subject to the following:

 - b. the sums transferred shall be held by the person to whom they are transferred in accordance with the Client Money Rules for you; or
 - c. if the sums transferred will not be held by the person to whom they are transferred in accordance with the Client Money Rules for you, we will exercise all due skill, care and diligence in assessing whether the person to whom the Client Money is transferred will apply adequate measures to protect such monies.

If you later make a valid claim to us, we may pay you any amount owed to you by us.

12 Margin and Leverage

- 12.1 **"Margin"** is the amount of cash which you are required to deposit with us in order to enter into Transactions.
- 12.2 **"Margin Call"** is a request issued by us to increase the Margin deposited in your Account in order to secure the open positions/Transaction. For Retail Clients, the Margin Call is triggered when the Account equity drops below 100% of the Margin required to maintain your open positions/Transactions. For Professional Clients, the Margin Call is triggered when the Account equity drops below 50% of the Margin required to maintain your open positions/Transactions.
- 12.3 **"Stop-out" or "Margin Close-out Protection"** is the situation where the Account's equity drops below the Margin level required to maintain open positions/Transactions and our Trading Platform starts to automatically close one or more of the Client's open CFDs. The stop-out occurs when:
- For Retail Clients: the sum of funds (i.e. equity) in the Account (including the unrealized net losses of all open CFDs connected to that Account) falls to 50% or less of the total Margin Level required to maintain open positions. In other words, the Stop-out Level for all trading accounts held by Retail Clients is equal to 50% of the Margin Level required to maintain open positions;
 - For Professional Clients: the sum of funds (i.e. equity) in the Account (including the unrealized net losses of all open CFDs connected to that Account) falls to 20% or less of the total Margin Level required to maintain open positions. In other words, the Stop-out Level for all trading accounts held by professional Clients is equal to 20% of the Margin Level required to maintain open positions;
- 12.4 As a condition of entering into a Transaction, you need to satisfy our Margin requirements. We may decline to open any Transaction if you do not have sufficient Margin in your Account at the time the relevant Order is placed.
- 12.5 Our Trading Platform operates with an automated risk monitoring, Margin Call and Stop-out facility designed to monitor the overall utilization of your available collateral in support of our prevailing Margin requirements for the Transactions you are entering into.
- 12.6 You must provide to us on demand such sums by way of Margin as we may in our reasonable discretion require. We may, in some circumstances, require higher margin depending on market conditions, market circumstances, total equity of all Accounts held with our Company and Associate companies, or due to the size and/or volume of your trading activity with our Company and/or Associate companies.
- 12.7 Different Margin requirements may apply to different Accounts and/or investments traded. Further information on the different margin requirements, as amended from time to time, can be found on our website. Changing Margin requirements shall not apply to Accounts held by Retail Clients, for which a fixed leverage ratio is offered by the Company, according to the volatility of the underlying financial instrument that you want to trade.
- 12.8 Failure to pay Margin when required will entitle us to close out some or all of your positions and/or call an Event of Default. This may result in you making a loss on your Transactions.
- 12.9 We are under no obligation to make a Margin Call or to close out any Transactions or take any other action in respect of positions opened or acquired on your instructions and in particular, no failure by you to pay Margin when demanded will require us to close out any such Transaction.
- 12.10 All Margin and other payments due by you to us pursuant to this Agreement shall be made in freely transferable funds in such currency and to such bank account(s) as we specify. If you are by law required to make any deduction or withholding in respect of taxes or otherwise, then you will be liable to pay such amount

to us as will result in our receiving a net amount equal to the full amount which would have been received had no such deduction or withholding been required.

- 12.11 Without derogating from your sole and entire responsibility to perform tax payments, you agree that we may deduct tax, as may be required by the Applicable Laws and Regulations, with respect to your trading activity on the Trading Platform. You are aware that we have a right of set-off against any amounts in your trading account with respect to such tax deductions, and you hereby authorize us to withdraw amounts from your trading account with which to pay such taxes. You are aware that amounts that may be withdrawn by you from your Account are "gross amounts", from which we may deduct such taxes, as the case may be, and that you shall have no claim towards us with regard to such deductions.
- 12.12 Should any change in the basis or scope of taxation occur at anytime which results in us having to withhold amounts on account of Taxes owed or payable by you in respect of any Applicable Laws and Regulations in respect of your transactions or your account with us, we reserve the right to deduct the amount of any such payment(s) from your account(s) or otherwise require you to pay or reimburse us for such payment(s).
- 12.13 Any sums due to us from you pursuant to this Agreement may be deducted from your Margin balance on reasonable notice to you.
- 12.14 We may, in our reasonable discretion, change our Margin requirements at any time. A current version of these requirements can be found on our website.

The above clause 12.14 shall not apply to Accounts held by Retail Clients, for which fixed leverage ratio(s) is offered by the Company, according to the volatility of the underlying financial instrument to be traded.

- 12.15 We may, in our reasonable discretion, temporarily require higher Margin (compared to the normal Margin requirements of the Professional Client's account) for any specific or all financial instruments in the following cases of market disruption:
- Prior to and/or during Friday market closure.
 - Prior and/or during any other market closure for any specific or all financial instruments.
 - Prior and/or during to any major news announcements, such as, but not limited to, the Nonfarm Payroll announcement made by the United States Department of Labor.
 - Prior and/or during any anticipated abnormal market conditions and/or market disruptions.

The above temporary increases to the Margin requirements may affect any open Orders in your trading account, either placed prior to or following the implementation of the new Margin requirements.

The above sub-clause 12.15 shall not apply to Accounts held by Retail Clients, for which a fixed leverage ratio is offered by the Company, according to the volatility of the underlying financial instrument to be traded.

- 12.16 The Company may at any time and from time to time amend the leverage ratio (e.g., decrease or increase the leverage ratio due to applicable laws and regulations) in its sole discretion and without any notice on a case by case basis on all or any Accounts of the Professional Client and based on any parameter it chooses, including applying different leverage ratios to different investments or times or in relation to external events such as government announcements or any news. Any change in the leverage ratio may take effect before or after an Order is completed. A decrease in the leverage ratio will affect your Margin Level, Margin Call Level, Stop-out Level and may trigger a Margin Call. We will not be liable to you for any loss arising from any change in the leverage ratio, even if that automatically causes any or all of your trading positions to be closed out or if your Account is treated differently from other clients' Accounts.

The said amendments shall not apply to Retail Clients, as such clients are only offered fixed leverage ratio(s) which vary according to the volatility of the underlying financial instrument to be traded (i.e., from 2:1 to 30:1). This may be subject to change, from time to time, according to any regulatory and or legislative requirement. Any change in the leverage ratio may take effect before or after an Order is completed. We will not be liable to you for any loss arising from any change in the leverage ratios (e.g., due to regulatory or legislative

requirements; release of important news announcements, etc.), even if that automatically causes any or all of your trading positions to be closed out.

Any monitoring conducted by the Company is for compliance and risk management and you should not rely on the Company to monitor your trading or the effect of any change in the leverage ratios applying to your Account.

- 12.17 **Negative Balance Protection:** Means the limit of a client's aggregate liability, for all CFDs connected to a trading Account with the Company, to the funds in that Account.

Trading in leveraged Financial Instruments involves significant risk on your invested capital. However, the Company follows a Negative Balance Protection policy, on a per account basis, which aims to ensure that your maximum losses from trading CFDs, including all related costs, are limited to the total funds in your trading account (i.e., no additional liability incurs). This should include any funds yet to be paid into your account due to net profits from the closure of open trades connected to your trading account.

Notwithstanding the above, any indication or suspicion, in the Company's reasonable discretion, of any form of arbitrage performed in your trading account either solely or in connection with other clients of our company (including but not limited to risk free profiting), abuse (including but not limited to participant's trading activity patterns that indicate that the participant solely aims to benefit financially without being genuinely interested in trading in the markets and/or taking market risk), internal hedging in coordination with other parties and abuse of our 'no negative balance', constitute a violation of these Terms and Conditions. In such cases, we reserve the right, among others, NOT to apply our Negative Balance Protection policy and transfer any or all funds you may have in a different trading account to set-off the obligations (e.g. negative balance) that have occurred to the other account used for any abusive acts.

13 Credit Bonus and Promotions

- 13.1 The Company may offer its Professional Clients only various promotions that are subject to:
- the Terms and Conditions of the Bonus Program; and/or
 - the Terms and Conditions of the Loyalty Program,
- which are posted in the Legal section of our website.
- 13.2 Such bonuses will not amount to Client Money until the money ceases to be a bonus and instead becomes part of your balance.

14 Trading Platform

- 14.1 You will place trades and give other instructions (if not over the telephone, then) via our Trading Platform.
- 14.2 In order to use the Trading Platform, you will need to set up a user name and password from us. You will need to provide the password each time you wish to use the Trading Platform.
- 14.3 It is your Obligation to keep your account numbers, user names and passwords strictly confidential and you must not disclose these to any third party without our written consent.
- 14.4 Where we do provide such consent, any instructions, Orders or Transactions entered into by that third party will be treated by us as being entered into by you.
- 14.5 You acknowledge and agree that any instruction or communication transmitted via our Trading Platform by you or on your behalf is made entirely at your own risk.
- 14.6 You will immediately notify us if you become aware of the loss, theft or disclosure to any third party or unauthorised use of your account number(s), user name(s) or password(s).
- 14.7 There may be restrictions on the total value and/or number of trades that you can enter into on any one day and also in terms of the total value and/or number of those trades when using our Trading Platform.

- 14.8 The Trading Platform does not support negative prices of financial instruments. In the unlikely event of the price of any financial instrument reaching zero (0) or going below, the Trading Platform will automatically start closing any open positions at the current market price.
- 14.9 The Trading Platform may at times experience technical difficulties which are outside our reasonable control. Such difficulties could lead to possible economic and/or data loss.
- 14.10 We shall not be liable for any claims, losses, damage, costs or expenses, caused directly or indirectly, by any breakdown or failure of any transmission or communication system or computer facility belonging to us (including, but not limited to transmission errors, technical faults, malfunctions, illegal intervention in network equipment, network overloads, malicious blocking of access by third parties, internet malfunctions, interruptions or other deficiencies on the part of internet service providers (e.g., any temporary disruption of your trading activity for no more than thirty (30) minutes that may occur during the timeframe when the daily/monthly reports are generated), nor for any loss, expense, cost or liability suffered or incurred by you as a result of instructions being given, or any other communications being made, via the Internet. You acknowledge that access to our Trading Platform may be limited or unavailable due to such system errors, and that we reserve the right upon notice to suspend access to our Trading Platform for this reason.
- 14.11 Unless otherwise indicated or agreed upon any prices shown on our Trading Platform are indicative at the time shown based on data that is subject to constant change. The execution price is that which is confirmed to you after your Order is executed, although this price may in certain cases differ from the price appearing on the screen at the time the trade was placed. In the event that an erroneous price is used as the basis of any Transaction, we reserve the right, at our reasonable discretion, to amend or revoke the details of the trades in question. Please refer to clause 22 below.
- 14.12 Without prejudice to any other terms of this Agreement, the following clauses shall apply to the Services we provide via our Trading Platform:
- System errors: please see sub-clause 14.10 above;
 - Delays: Neither we nor any third party software provider accepts any liability in respect of any delays, inaccuracies, errors or omissions in any data provided to you via our Trading Platform;
 - Viruses from our Trading Platform: We shall have no liability to you (whether in contract or in tort, including negligence) in the event that any viruses, worms, software bombs or similar items are introduced into your computer system(s) via our Trading Platform or any software provided by us to you in order to enable you to use our Trading Platform, provided that we have taken reasonable steps to prevent any such introduction.
- 14.13 Without prejudice to any other provisions of this Agreement, we shall be entitled, at our reasonable discretion, unilaterally and with immediate effect, to suspend or withdraw permanently your ability to access and/or use our Trading Platform, or any part thereof, where we consider it necessary or advisable to do so, for example due to:
- your non-compliance with any applicable laws, rules and/or regulations;
 - breach of any provisions of this Agreement;
 - on the occurrence of an Event of Default;
 - network problems;
 - failure of power supply;
 - maintenance;
 - to protect you when there has been a breach of security.

Where possible, we will provide you with notice in advance of any such suspension or withdrawal.

15 Trading

- 15.1 We offer trading in various financial instruments, which may be amended by us from time to time. Contract specification in relation to such instruments is posted on our website.
- 15.2 You may place orders with us by giving us instructions either using our Trading Platform, or by phone. We will not accept instructions received via email, SMS or using any other method of communication.
- 15.3 Once you have placed a trade, this will constitute an Open Position, and will remain as such until closed by you or us (or in the case of certain instruments with an expiry and which do not roll-over, through an elapse of time).
- 15.4 We may enter into a "market order" and/or a "pending order" with you. Please refer to our Order Execution Policy for more information about such orders.
- 15.5 The "Spread", which is the difference between the price at which we buy and the price which we sell each particular instrument, varies between financial instruments and markets, and it is determined solely by us (in our reasonable discretion) and can be changed at any time.
- 15.6 Price quotes (from which we price the instruments that we offer) are provided by our liquidity providers and may be different from those of other sources.
- 15.7 All prices are subject to confirmation by us. Due to the nature and speed of price changes, the onscreen price you see may not be available when executing your trade and, therefore, your trade may be executed at the best available market price.
- 15.8 We may take any reasonable steps for any trades executed at prices resulting from Manifest Errors (as defined in clause 23 below), such as computer errors, misquotes or omissions, or at prices that are clearly at odds with the fair market prices. Acting reasonably and in good faith, we may take the following actions to trades based on a Manifest Error:
- void the trade;
 - close the trade at the current market prices; or
 - amend opening and/or closing price of the trade, as if it would have been executed in the absence of the Manifest Error.
- 15.9 When trading with us you will not be entitled to delivery of any underlying financial instrument and will not be required to deliver any underlying financial instrument.
- 15.10 Under certain circumstances or when required by law, we may report any of your trades to any regulatory body.
- 15.11 You are solely responsible for any third party software that you may use when performing trades with us and it is your responsibility to ensure that this software is right for you. We will not be able to advise on the selection of third party software and we shall not be responsible in any way for trades performed using any third party software.
- 15.12 We will not be liable to you for any loss, costs, claim, or expense resulting from our actions aimed correcting a Manifest Error.

16 Mobile Services

- 16.1 We may allow you to use our services and access our Trading Platform through a mobile device.
- 16.2 Our mobile services will allow you (amongst other things) to:
- a. open and close Transactions on your Account;
 - b. place Orders on your Account; and
 - c. access other information related to your Account, such as your running profit and loss and cash balance.

- 16.3 However, our mobile services may not allow the same functionality, access to information and services which are available when not using a mobile device.
- 16.4 We will assume that any instruction transmitted via a mobile device using your account details has been transacted by you and is therefore at your risk. You must immediately inform us if you are aware or suspect that a third party has had access to your Account credentials or password or if you suspect that any person other than you is dealing on your Account.
- 16.5 Due to the nature of mobile devices we do not warrant that the operation of our mobile services will be uninterrupted or entirely error-free. For example, due to service connectivity or internet connection difficulties endemic with mobile applications the mobile service may, from time to time, be subject to error or failure, with results that include, but are not limited to, the following:
- an inability for you to place Trades or Orders;
 - the mobile services delivering inaccurate information including price and/or quote information;
 - a failure of your mobile device to receive any messages from us;
 - you erroneously believing that you have placed a Transaction or Order when our records show that we have not accepted a Transaction or Order from you or you erroneously believing that a Transaction or Order request initiated by you has not been accepted by us when our records indicate otherwise; or
 - you taking actions on the basis of erroneous information displayed through the mobile service.
- 16.6 If as a result of the error or failure of the mobile service our internal records are at variance with your mobile records or own recollection, the version of events supported by our records will prevail and any obligations on either party shall be assessed on the basis that our internal records are correct.
- 16.7 We will not be liable in any way for any loss or damage suffered by you through access to or use of the mobile service or through any failure by us (or a third party) to provide access to the mobile service or through any incompatibility of the mobile service with any mobile device.
- 16.8 We do not accept any liability for damage to your mobile device or for any loss of functionality that results from your use of the mobile service and we cannot guarantee that any downloads are free from viruses or for any problems you experience with your mobile device or any other software.
- 16.9 We are not liable for any charges incurred by you in the use of the mobile service, whether the charge is raised by your mobile supplier or by any other party.
- 16.10 These mobile service terms (detailed in this clause) may be amended at any time by us. We will give notice of any changes via the mobile service and we may not provide you with any other individual notification of any changes.
- 16.11 We have the right to terminate your access to the Mobile Services on the provision of reasonable notice and at our reasonable discretion.

17 Withdrawal of Funds

- 17.1 Where you have a positive balance in your Account, and you have no Open Positions, you may request a withdrawal, for any amount of the positive balance. Where, however, you have a positive balance in your Account, and you have Open Positions, any withdrawal request which would cause the Margin level to drop below 150% will not be accepted.
- 17.2 To withdraw your funds, you must submit a withdrawal request in the Member's Area of our website. All funds will be returned to the same source from which they were originally deposited, unless it is impossible. If the funds cannot be returned to the source, you will be asked to submit details of an alternative payment method.
- 17.3 In the case you have used a credit/debit card to fund your Account, when we are processing a request for withdrawal, irrespective to the payment method you instruct us to use, we will always return the funds, up to the total amount deposited, to the credit/debit card used for deposit. In addition, in the case you have made multiple credit/debit card deposits, either using one credit/debit card or multiple cards, when we are

processing a request for withdrawal, we will always return funds, up to the total amount deposited, in the same manner we received your deposits starting from the most recent going backwards to older deposits.

- 17.4 Upon submitting a withdrawal request, the funds will be removed from your Account. You should ensure that you have sufficient funds to maintain appropriate Margin levels prior to requesting a withdrawal. If you wish to cancel your request, you may do so before a withdrawal request had been processed. If you cancel your request, funds will be returned to your trading Account and, therefore, may be used to meet Margin requirements or be included in the liquidation value of any trades you have open.
- 17.5 We reserve the right to suspend your Accounts (including any withdrawal payments) if any regulatory body has queried about Transactions in your Account. Your Accounts will remain suspended until we receive further instructions from the regulatory body.
- 17.6 In case of a withdrawal/refund, even in the case where payments were processed as partial payments, you will be refunded the whole amount that you are eligible to withdraw/be refunded.
- 17.7 We may, at our reasonable discretion, withhold, deduct, or refuse to make a payment (in whole or in part). In such an instance, we will notify you in writing and include reasons.
- 17.8 We reserve the right to impose withdrawal limits and withdrawal fees in our systems, at any time (e.g. in the event we detect any form of abuse, fraud, or any other form of deceitful or potentially fraudulent activity in the client's account(s)).

18 Chargebacks

- 18.1 If you place a chargeback with your credit card company (on purpose or by mistake) for any deposit you made in your Account with us, we reserve the right to charge a "GBP 150,- research fee" to your Account upon receiving the chargeback by our merchant provider to cover our investigative expenses to prove that you did make the deposit, and you hereby authorize us to charge this amount to your credit card.
- 18.2 We do not tolerate credit card fraud, and all fraud, without exception, may be prosecuted through criminal proceedings in your local jurisdiction to the fullest extent of the law. In addition, we may pursue civil legal action in your local jurisdiction seeking any loss of income related to the fraud, including business, legal fees, research costs, employee down time and loss of revenues.
- 18.3 We employ advanced risk modelling to detect fraudulent transaction clues across our Services. Fraudulent transactions are immediately cancelled after being detected. Any active Orders associated with the same fraudulent credit card will also be cancelled immediately. We also actively leverage external, cross-industry resources -- such as worldwide fraud blacklists -- to prevent fraudulent users from accessing our Online Trading Facility in the first place.
- 18.4 We consider credit card chargebacks to be fraudulent if you make no reasonable effort to work with us to resolve any problems with your deposit. All frivolous chargebacks not only cost our employees time away from our usual and customary matters of conducting normal business, but also cost us money, therefore:
 - a. when we detect questionable activity related to a deposit that is being made in an Account, we will perform fraud detection checks on the deposit to reduce your exposure to risk; during this time, you won't be able to access your Account.
 - b. In general, we complete reviews within four (4) to six (6) hours; certain deposits posing a higher potential risk may require more time, however, as our Compliance Department performs even more extensive fraud detection checks we may also contact you directly as a backup precaution. If we determine that a deposit is high-risk or doesn't comply with our fraud and security policies, the deposit will immediately be cancelled, and the funds will immediately be refunded to the credit/debit card from which the deposit was initially made. Furthermore, in such instances, we reserve the right, at our sole discretion, to close any and all of your Account(s) with us immediately. Any active Orders associated with the same fraudulent credit card and/or Account will also be cancelled immediately.

19 Best Execution

- 19.1 All Transactions and/or Contracts we enter into with you will be executed in accordance with the terms of our Order Execution Policy (as amended or extended from time to time) full details of which are available on our Online Trading Facility ("**Order Execution Policy**"), a copy of which can be found on our website. Our Order Execution Policy is part of these Terms and Conditions and is incorporated herein by reference, shall be applicable to all Transactions and Contracts entered into by and between you and us, to the extent that it does not impose and/or does not seek to impose any obligations on us which we would not otherwise have.
- 19.2 The trading you conduct on the Trading Platform is not conducted on an Exchange or a market. The prices we offer on the Trading Platform might not be the best prices available and your orders will be executed at the prices obtained by our group of liquidity providers, and according to our Order Execution Policy.
- 19.3 We may make a profit should the market price go against you and you crystallise (close) a position, resulting in a loss.
- 19.4 Although we are the counterparty to each of your Transactions, we may (but are not required to) limit our risk by immediately hedging (offsetting) your Transactions with another Transaction that we enter into with another party.
- 19.5 We will take steps to obtain the best price available as per our Order Execution Policy. This Policy may be amended from time to time by giving you (in the case of material changes) not less than 30 calendar days' written notice unless otherwise required in order to comply with any applicable law, rules or regulations.
- 19.6 We will consider the continued placing of Orders by you to constitute your continued consent to our Order Execution Policy in effect at that time.
- 19.7 We may quote prices on our Trading Platform at which we are prepared to deal with our Clients and such prices may or may not replicate the prices quoted and traded by other companies and / or their customers.
- 19.8 The prices quoted by other parties, providers or companies etc may not be relied upon by you in respect of your Account with us. We reserve the right to decline any quote or refuse to be bound to any contract, including those arising from any manipulation of the quoting mechanism or our services generally, notwithstanding our undertaking to provide a clear and fair service to you at all times.

20 Instructions

- 20.1 You may place orders with us and give instructions by giving us oral instructions over the phone, or electronic instructions via our Trading Platform.
- 20.2 We shall be entitled to rely and act upon any instructions which we reasonably believe to be from you or from any other person authorised to act on your behalf which we have accepted in good faith.
- 20.3 We may acknowledge your instructions by such means as we consider appropriate whether orally, by actual performance or otherwise.
- 20.4 Any instruction sent by you (electronically or by telephone) shall only be deemed to have been received, and therefore be a valid instruction, when we have confirmed to you either orally or electronically through the Trading Platform.
- 20.5 A valid instruction will not be a binding Transaction between us until an instruction is accepted, executed, recorded and confirmed by us via the Trading Platform. Transmission of an Order by itself shall not give rise to a binding Transaction between you and us.
- 20.6 Once given, trades and instructions are irrevocable, and instructions may only be withdrawn or amended with our consent. We are under no obligation to reverse trades or instructions. A trade becomes effective when you receive an onscreen confirmation from us.

- 20.7 If we need clarification in relation to any of the instructions you (or anyone acting on your behalf) have provided to us, or if we fail to receive the instructions during normal business hours, or in reasonably sufficient time for us to act on them, you acknowledge that there may be a reasonable delay in us acting on your instructions.
- 20.8 You shall promptly (and in any event within any reasonable time limit imposed by us) give any instructions we may reasonably request from you in respect of any Transactions or other matters in relation to which we have accepted your instructions to act. If you do not do so, we may in our reasonable, discretion take any steps at your cost which we consider appropriate for our or for your protection.
- 20.9 We may, in our reasonable discretion, refuse to accept or act in accordance with any instructions, for example (but not limited to) where we consider there may have been an unauthorised use of your Account, or in order to comply with any applicable laws or regulations. If we decline an instruction, we will take reasonable steps to notify you promptly of this but subject to this will not be liable for any failure to accept or act on such instructions.
- 20.10 We will not be obliged to effect any Transaction nor do anything else, or refrain from doing anything, which we, in our reasonable opinion, believe would breach any statute, law or regulation to which we are subject.
- 20.11 You acknowledge that we may at our discretion, decide to require your instructions to be submitted via our online system.

21 Netting Agreement

- 21.1 All trades between you and us are entered into in reliance on the fact that this Agreement and all trades form a single agreement between the parties, and that we would not otherwise enter into any trades with you.
- 21.2 If we exercise our rights under this clause, all payment obligations will consolidate into a single obligation for us to pay a net sum to you, or for you to pay a net sum to us.
- 21.3 If the aggregate amount that is payable by one Party exceeds the aggregate amount that is payable by the other Party, then the Party by whom the larger aggregate amount is payable shall pay the excess to the other Party and the obligations to make payment of each party will be satisfied and discharged.
- 21.4 Where we identify or determine, at our reasonable discretion, that you engaged in any form of arbitrage or abuse, either solely or in connection with other clients of our company (including but not limited to risk free profiting), to solely benefit financially without being genuinely interested in trading in the markets and/or taking market risk), we may, at our sole discretion, exercise our rights under this Agreement, without your authorization or prior notice and close your Open positions and/or close your Account, combine and consolidate your Account with any or all other Accounts held in your name with the Company (including any Account that you hold with any Associate of the Company) and set-off against each of your Account's balance and profit or losses on Open Positions.
- 21.5 If the business relationship is terminated, then the claims that the Parties have against each other shall be finally discharged by means of netting (closed). The value of any open Contracts shall be determined according to the principles set forth below and the final amount to be paid by one of the Parties shall be the difference between the payment obligations of the parties.
- 21.6 This netting agreement shall be binding on all Parties to this Agreement and on the estate and/or creditors of all Parties to the client relationship under this Agreement.

22 Reporting Transactions and Account Statements

- 22.1 We will send out an electronic confirmation in respect of each Transaction as soon as reasonably practicable and in any event within the time required by the FCA Rules.

- 22.2 After executing a trade which closes out an Open Position, your confirmation will include a difference account, showing your profit or loss arising from the closing out which will be credited to or debited from your Account and due for immediate settlement.
- 22.3 Confirmations of Transactions are electronically transmitted or otherwise sent to you at your last known address, email address or fax number in our records will be deemed to have been received by you when sent to the relevant address.
- 22.4 Unless otherwise agreed we will send you a monthly statement of every account comprised in your Account which includes or may include uncovered Open Positions. Performance measurement will not be provided other than by special arrangement. The statement shall include details of the contents and value of your Account and Open Positions and such other information as may be agreed from time to time by us or as is required to be disclosed under the FCA Rules.
- 22.5 Any confirmation, statement of Account, report or certificate issued by us in respect of any Transaction or other matter shall be conclusive and binding on you unless objection in writing is received by us within 10 Business Days of the actual or deemed delivery date.
- 22.6 Occasionally (whether due to human or technical errors), discrepancies may occur in our confirmations, statements of Account, reports or certificates. Provided that we advise you of such errors and / or discrepancies as soon as practical you will be bound by the relevant confirmation, statement of Account, report or certificate (as so corrected) irrespective of when the relevant error or discrepancy is discovered by us.
- 22.7 Where we are required under Applicable Law to report transactions with you to the FCA or otherwise, you will need to obtain and provide us with a valid Legal Entity Identifier (LEI) or your national insurance number or such other information as we may require to determine your national client identifier, before you can place Orders via our Platform or through our dealing room.
- 22.8 **Depreciation of initial value of your Transaction/Order:** As per the applicable regulations, we will notify you if the initial value of any Transaction/Order on any Financial Instrument, placed to create an Open Transaction/Order, depreciates by at least 10% and thereafter at multiples of 10%. The depreciation shall apply for both Buy and Sell Transactions/Orders. The valuation of any Transaction/Order on each Financial Instrument in your trading account(s) will take place once on every business day and in case the aforementioned depreciation occurred in any of your Transaction/Order on a Financial Instrument, a notification of will be sent to you by the end of that business day, via email.

23 Manifest Errors

- 23.1 A **"Manifest Error"** means a manifest or obvious misquote by us, or any market, exchange, price providing bank, information source, commentator or official on whom we reasonably rely, having regard to the market conditions at the time an Order is placed.
- 23.2 When determining whether a situation amounts to a Manifest Error, we may take into account all information in our possession including, without limitation, information concerning all relevant market conditions and any error in, or lack of clarity of, any information source or announcement.
- 23.3 We will, when making a determination as to whether a situation amounts to a Manifest Error, act fairly towards you but the fact that you may have entered into, or refrained from entering into, a corresponding financial commitment, contract or Transaction in reliance on an Order placed with us (or that you may have suffered or may suffer any loss of profit, consequential or indirect loss) shall not be taken into account by us in determining whether there has been a Manifest Error. We reserve the right, without prior notice, to:
- amend the details of such a Transaction to reflect what we reasonably consider in our discretion, acting in good faith, to have been the correct or fair terms of such Transaction if the Manifest Error(s) had not occurred;
 - if you do not promptly agree to any amendment made which we propose under this clause (which we will notify you of via the Trading Platform) we may void any Transaction resulting from or deriving from a Manifest Error, such that the result is the same as if it had never been made; and/or

- c. not take any action at all.
- 23.4 We will not be liable to you for any loss, cost, claim, demand or expense that you suffer (including loss of profits or any indirect or consequential losses) resulting from a Manifest Error, including where the Manifest Error is made by any information source, commentator or official upon whom we reasonably rely, or from our decision to do anything under sub-clause 23.3 above, except to the extent that it is caused by our own fraud, wilful default or gross negligence.
- 23.5 If a Manifest Error has occurred and we choose to exercise any of our rights under sub-clause 23.3, and if you have received any monies from us in connection with the Manifest Error, those monies are due and payable to us with immediate effect, and you must return an equal sum to us without delay.
- 23.6 We reserve the right to refuse any trades placed by you that we judge to be clearly outside the prevailing market price such that they may be deemed non-market price transactions, whether due to Manifest Error or stale, incorrect or broken price feeds.

24 Market Abuse

- 24.1 When we execute a Transaction for you, we may buy or sell on securities exchanges or directly from or to other financial institutions and/or hedge our exposure to you by opening the same positions with other institutions. This means that when you place Transactions with us, they can have an impact on the external market for that instrument in addition to the impact it might have on our price. This creates a possibility of market abuse and the purpose of this clause is to prevent such abuse. Your trades may also constitute financial instruments subject to local market abuse rules (both civil and criminal).
- 24.2 You represent and warrant that, at the time you enter into this Agreement, and every time you open a trade with us that:
 - a. you will not and have not placed a trade that contravenes any law or regulation prohibiting insider dealing, market manipulation or any other form of market abuse or market misconduct; and
 - b. you will not and have not place a trade in connection with a placing, issue, distribution, an offer, takeover, merger, any corporate finance activity or any similar event.
- 24.3 You acknowledge that it would be improper and potentially illegal for you to trade if the sole purpose of such a Transaction was to manipulate prices in order to gain an unfair advantage, and you must not conduct any such Transactions.
- 24.4 In order to comply legal and regulatory obligations we may in our reasonable discretion, and without being under any obligation to inform you of our reason for doing so, treat all trades that violate this clause as void.
- 24.5 Further, we may also be entitled (and in some cases, required) to report to any relevant regulatory authority details of any transaction or instruction.
- 24.6 In the event that you place a Transaction or otherwise act in breach of this clause, in addition to any other rights we may have under this Agreement, we may:
 - a. enforce the Transaction against you if it is a Transaction which results in you owing money to us; and/or
 - b. treat all of your Transactions as void if they are Transactions which result in us owing money to you; unless and until you produce evidence within 30 days of our request which (in our reasonable discretion) satisfies us that you have not in fact committed any breach of this clause.

25 Prohibited Trading Techniques/Abusive Strategies

- 25.1 We have, and will continue to develop, any tools necessary to identify fraudulent and/or unlawful access and use of our Trading Platform.
- 25.2 You shall not unlawfully access or attempt to gain access, reverse engineer or otherwise circumvent any security measures that we have applied to our Trading Platform and/or computer system(s).
- 25.3 It is prohibited to:

- use any software which has as its purpose (as determined by us at our reasonable discretion) to apply any kind of artificial intelligence analysis to our Trading Platform and/or computer system(s) with an ultimate goal to gain unfair advantage and exploit our Trading Platform; and/or
 - use any software in such a way which can cause serious negative impact on the performance of our servers and may prevent us from achieving the best possible result for our Clients as regards the execution of their Orders.
- 25.4 If, at our reasonable discretion, we were to determine that you are in breach of this clause, we reserve the right to take all action as we see fit, including, without limitation, unwinding any positions and withholding any profits made, blocking access to our Trading Platform and terminating your Account.
- 25.5 Under these circumstances, we reserve the right to seize any profits and/or revenues generated directly or indirectly by exercising any such prohibited trading activity and we shall be entitled to inform any interested third parties of your breach of this clause. Moreover, you acknowledge that once your Account has been terminated we may liquidate any outstanding contracts/positions you have with us.
- 25.6 We are under no obligation to contact you where we take any action in relation to your Account under this clause.

26 Arbitrage

- 26.1 Internet, connectivity delays, and price feed errors sometimes create a situation where the price(s) displayed on our Trading Platform do(es) not accurately reflect the market rates.
- 26.2 The concept of using trading strategies aimed at exploiting errors in prices and/or concluding trades at off-market prices and/or by taking advantage of internet delays (commonly known as “arbitrage”, “sniping” or “scalping” hereinafter, collectively referred to as “Arbitrage”), cannot exist in an OTC market where the Client is buying or selling directly from the principal.
- 26.3 Accordingly, we reserve the right, at our reasonable discretion, not to permit the abusive exploitation of Arbitrage on our Trading Platform and/or in connection with our Services.
- 26.4 Any Transactions or contracts that rely on price latency Arbitrage opportunities may be revoked, at our reasonable discretion and without prior notice being required.
- 26.5 In addition, in those instances, we reserve the right, at our reasonable discretion and without prior notice being required:
- a. to make the necessary corrections or adjustments on the Account(s) involved (including, without limitation, adjusting the price spreads available to you);
 - b. to restrict the Account(s) involved access to streaming, instantly tradable quotes (including, without limitation, providing manual quotations only and submitting any Orders to our prior approval);
 - c. to retrieve from the Account(s) involved any historic trading profits that we can document as having been gained through such abuse of liquidity at any time during the Client relationship;
 - d. to terminate our relationship with you and/or close all Accounts involved (including, without limitation all other Accounts held by the same Account holder with us) immediately by giving written notice; and/or
 - e. to inform any interested third parties.
- 26.6 Any indication or suspicion, in our reasonable discretion, of any form of Arbitrage (including, but not limited to, risk free profiting), abuse (including, but not limited to, participant's trading activity patterns that indicate that the participant solely aims to benefit financially without being genuinely interested in trading in the markets and/or taking market risk), internal hedging in coordination with other parties, abuse of our "no negative balance" policy, fraud, manipulation, cash-back Arbitrage or any other forms of deceitful or fraudulent activity, will constitute all Transactions carried and/or profits or losses garnered as invalid.
- 26.7 Please note that you will be strictly prohibited from opening any new trading Account(s) and trades with us. Nonetheless, in cases where you may successfully open an Account and trade with us due to any technical and/or human error, we reserve every right to immediately close your Account upon identification, nullify any

profit/loss generated and refund the original amount of deposit, excluding any deposit and withdrawal charges.

27 Market Disruption

- 27.1 Any of the following event will be deemed as market disruption:
- the underlying security of the CFD is the subject of a takeover or the issuer of such security, derivative, market or exchange has entered into or is the subject of insolvency or liquidation proceedings; or
 - any event which disrupts the trading, or the relevant market or exchange including the suspension of or limitation of trading by reason of movements in price exceeding limits permitted by the relevant exchange, or of regulatory or other intervention, or otherwise, and/or any other event causing market disruption and which in any such case is a material disruption.
- 27.2 If market disruption occurs, we may in our sole reasonable discretion, with or without notice to you:
- close any or all Open Positions and refuse to open new trades;
 - completely suspend trading in the market;
 - request payment of any Margin or other amount you owe us;
 - value Open Positions in the affected market at zero;
 - take any other appropriate actions and we will not be liable to you for any loss arising from such actions; and
 - void any trades that have been executed at erroneous prices resulting from the disruption.
- 27.3 If trading is suspended we will attempt to inform you as soon as possible, and we will not be liable for any loss arising from the suspension of trading and delay in notifying you about the suspension.
- 27.4 In the event of a market disruption, an obligation for you to make any payment due to us will arise and become immediately due and payable.

28 Exceptional Events

- 28.1 We shall not be in breach of this Agreement and shall not be liable or have responsibility of any kind for any claims, losses, damages, costs or expenses (including legal fees) incurred by you as a result (directly or indirectly) of any total or partial failure, interruption or delay in the performance of this Agreement occasioned by any Force Majeure Event.
- 28.2 You acknowledge and agree that we may in our reasonable opinion, determine that a Force Majeure Event exists or is about to occur, as the case may be, and we will inform you as soon as reasonably practicable (which may be via announcement on our website) if we so determine. We shall use commercially reasonable efforts to resume performance.
- 28.3 Upon the occurrence of a Force Majeure Event, you may be obliged to deposit further Margin or we may be obliged to close certain positions at short notice in order to stop the Force Majeure Event causing you losses, or further losses, on your Account.
- 28.4 On the occurrence of a Force Majeure Event, all of our obligations under this Agreement shall be immediately suspended for the duration of such event. Additionally, if we determine that a Force Majeure Event exists, has occurred, or is about to occur then we may take one or more of the following steps (without prejudice to any other rights under this Agreement and at our sole reasonable discretion):
- alter: (i) normal trading times and/or (ii) the Margin requirements;
 - amend or vary the terms of this Agreement and any transaction contemplated by this Agreement insofar as it is impractical or impossible for us to comply with our obligations;
 - close any or all Open Positions, cancel instructions and Orders as we reasonably deem to be appropriate in the circumstances; and/or

- take or omit all such other actions as we reasonably deem necessary or appropriate in the circumstances, having regard to you and your interests and positions, and the interests and positions of our other Clients, and neither we, nor any of our directors, officers, employees, agents or advisers will be liable for any failure, hindrance or delay in performing our obligations under this Agreement or for taking or omitting to take any action pursuant to this subparagraph.

28.5 In the event of a Force Majeure, the Company's Negative Balance Protection policy shall remain applicable.

29 Corporate Events and Actions

29.1 In the case where an instrument becomes subject to a corporate event as set out below (sub-clause 29.2), the Company will carry out the appropriate actions to adjust your trading account for the effect of the event on your position, preserving the economic equivalent of the rights and obligations attached to your Transaction and/or contract with the Company, on the ex-date of the event (i.e., the day the affected instrument's price will incorporate the effect of the event). Subject to this sub-clause, the Company shall take the following actions:

- Adjust the size and/or value and/or number of Orders as deemed appropriate, with the aim to preserve, to the greatest extent possible, the economic equivalent of your open positions;
- Endeavour to communicate the upcoming events and actions through any durable medium, including but not limited to the Company's website;
- Where you have a pending order or a stop loss and/or a take profit attached to your Orders, the Company aims to preserve, to the greatest extent possible, the equivalent of the rights and obligations of your Transaction and/or contract immediately prior to the corporate event taking place;
- If a corporate event, such as a reverse stock split, results in share ownership below the minimum allowed by our systems, these positions will be rounded down to the nearest allowed trade size, with any value not captured by the position adjustment being reflected as a cash adjustment to your trading account.

Different actions may be followed by the Company in case you owned the underlying financial instrument; however, the Company will endeavour to preserve economic equivalence to the greatest extent possible.

29.2 Subject to sub-clause 29.1, corporate events shall include the following:

- Distribution, by the issuer to the shareholders of the underlying financial instrument, of additional shares, other share capital, warrants or rights granting dividends that result in a dilutive effect on the market value;
- Stock splits and reverse stock splits that result in a change in the number of shares owned and the share price. A split is a corporate event whereby a firm multiplies the number of existing shares by a certain ratio, e.g. 1:2 (this indicates that every existing share will translate into two shares). In the 1:2 case, the shareholders' shares will double, but given the firm's market capitalization will remain unchanged, the stock price will halve, maintaining economic equivalence; It should be noted that under such an event your positions may be consolidated into a single entry on the terminal which will of course capture the effect of the corporate action on all your positions;
- Dividends; in case where an underlying financial instrument is granting dividends (equity index or stock), a cash adjustment will be made, equivalent to that paid to clients with an open position in the underlying financial instrument;
- Delisting/voiding of a tradable Instrument that will result in the closing of positions; It should be noted that in order to protect the Company and its Clients, the Company reserves the right, at its sole discretion, to remove and/or seize offering financial instruments, whenever the issuing corporation of such instruments has filed for bankruptcy, even if such an action does not result in the corporation's liquidation; the mere filing of a corporation for bankruptcy, is deemed sufficient indication for the Company to proceed with the immediate delisting of the relevant financial instrument.
- Takeovers or mergers (including spinoffs), depending on their terms may result in a cash adjustment similar to that of dividends;
- Any other event of similar nature to the aforementioned events that may have a concentrating

or dilutive effect on the market value of the Instrument.

30 Default

- 30.1 The occurrence of each and any of the following events shall constitute an event of default ("Event of Default"):
- Behaviour which is covered under clauses 24 (Market Abuse), 25 (Prohibited Trading Techniques/Abusive Strategies) and 26 (Arbitrage), as outlined above;
 - You fail to comply fully and immediately with any Obligation to make any payment when due to or required by us (including any Obligation to pay Margin) and such failure continues 30 calendar days after we have given notice of non-performance;
 - You fail to perform any other material Obligation owed to us (including any Transaction governed by this Agreement) and such failure continues 30 calendar days after we have given notice of non-performance;
 - You die, or become incapacitated or of unsound mind;
 - You are unable to pay your debts as they fall due (or where you are the trustee of a trust you are unable to pay your debts incurred in that capacity out of the assets of the trust), or you enter in to liquidation, bankruptcy or insolvency (compulsorily or voluntarily) as defined under any bankruptcy or insolvency law applicable to you, or a procedure is commenced against you seeking or proposing reorganisation, administration, liquidation, bankruptcy or any other similar procedure;
 - You become subject to an administration order or have a receiver or similar appointed over all or any of your assets or become subject to any similar order or proceedings;
 - Any declaration, covenant, representation or warranty made by you was or has become or subsequently would if repeated at any time be incorrect;
 - We acting in our reasonable discretion determine that there is or has been an adverse change in the creditworthiness of you or any party providing a guarantee and / or indemnity in respect any Obligation; or
 - At any time due to market fluctuations, or for any other reason, we shall in good faith but otherwise, in our reasonable discretion, consider it necessary for our own, or for your own, protection.
- 30.2 Upon or at any time following an Event of Default we may, on notice to you and without prejudice to any other rights under this Agreement or any Transaction, contract or law, take any and all actions that we consider to be necessary or desirable in the circumstances, including but not limited to the following:
- Terminate this Agreement immediately;
 - Close any Open Positions or cancel any Orders on your Account;
 - Require you to close any or all of your Open Positions by a date specified by us;
 - Vary the Margin requirements applicable to you;
 - Prohibit you from accessing or using your Account;
 - Suspend or in any way limit or restrict your ability to place any Order, give any instruction or place any Transaction in relation to your Account;
 - Liquidate, sell, close out, replace, reverse, hedge or off-set all or any Transactions, buy, borrow or lend, make appropriate deductions or credits, or enter into any other Transaction or take, or refrain from taking, such other action at such time or times and in such manner as, at our reasonable discretion, we consider necessary or appropriate to cover, reduce, or eliminate, our loss under or in respect of any of your Transactions or other commitments or Obligations. In liquidating any long or short positions we may, at our sole reasonable discretion and without limitation, sell or purchase for the same contract month, prompt

date or other relevant contractual maturity, or initiate new long or short positions in order to establish a spread or straddle with a view to protecting existing positions; and / or

- Sell, charge, deposit, deal with or otherwise dispose of any cash, securities or margin, upon such terms as we may in our reasonable discretion think fit without being responsible for any loss or diminution in price in order to realise funds sufficient to cover your Obligations and apply such proceeds in or towards satisfaction of your Obligations in such order and generally in such manner as we may, in our reasonable discretion, determine.
- 30.3 You will at all times remain liable for the payment of any and all outstanding Obligations and if the proceeds realised pursuant to this Agreement are insufficient for the discharge of all such Obligations, you will promptly pay on demand the deficit and all unpaid liabilities together with interest at a rate of 3% per annum above the base rate from time to time of Barclays Bank Plc whether before or after judgment compounded daily.

- 31.12 The KID provides you with key information about our investment products. It is not marketing material. You specifically consent to the provision of the Key Information Documents through our Website. You may request a hard copy of the latter free of charge, at any time.

32 Conflicts of Interest and Disclosures

- 32.1 The Company is required to take all appropriate steps to identify, prevent or manage conflicts of interests. As part of its commitment to acting honestly, fairly, professionally and in the best interests of its clients and to complying with the MiFID II requirements, the Company maintains and implements a conflicts of interest policy ("**Conflicts of Interest Policy**"), which is available on request, and can also be found on our website. The Conflicts of Interest Policy, as amended or extended from time to time, sets out all appropriate steps the Company takes to identify and prevent or manage conflicts of interest which may arise between the Company and its clients or between one client and another, that arise/may arise in the course of providing any investment and ancillary services, or combinations thereof, including the Company's own remuneration scheme and other incentive structures. Accordingly, this Policy sets out the necessary procedures, controls and practices in place to ensure that any conflicts of interest are identified and prevented or appropriately managed. Where the measures taken to prevent conflicts of interest from adversely affecting the interest of the clients are not sufficient to ensure, with reasonable confidence, that risks of damage to client interests will be prevented, the Company shall clearly disclose to the client, in a durable medium, the general nature and sources of conflicts of interest as well as the risks to the client that arise as a result of the conflicts of interest and the steps taken to mitigate those risks before undertaking business on its behalf.
- 32.2 In relation to any advice we give or Transaction we execute or arrange with or for you, we or an Associate may have an interest, relationship, arrangement, or duty which is material or which gives or may give rise to a conflict of interest with your interest(s) in relation to the investment or transaction concerned or investments or assets underlying, derived from or otherwise directly or indirectly related to such investments (a "**material interest**").
- 32.3 A material interest may include but is not limited to:
- We or an Associate of yours dealing as principal for our or its own account by selling the investment concerned to you or buying it from you, or being a market-maker or otherwise having a holding or dealing position in the investment concerned or an associated investment;
 - Hedging or not hedging in respect of your Transactions;
 - Providing services similar to the Services provided to you to other Clients;
 - Being in receipt of instructions from another Client to buy or sell the same derivatives;
 - Matching your transaction with that of another Client by acting on his behalf as well as yours where we are acting or seeking to act as agent for (and to receive and retain commission or other charges from) both parties.
- 32.4 Neither we nor any Associate shall be liable to account to you for or (save in respect of fees or commissions charged to you) to disclose to you any profit, commission or remuneration made or received (whether from any Client or by reason of any material interest or otherwise) by us by reason of any Services provided or Transaction executed with or for you.

- 32.5 We will comply with applicable law and the FCA Rules, but we will have no further duty to disclose any interest to you.
- 32.6 We and / or our Associate shall be entitled to provide services to you or enter into a Transaction for or with you or retain your investments or act as your agents or provide any other service notwithstanding any such material interest and shall not be under a duty to disclose to you any profit arising therefrom without further reference to you. However, in such cases we or our Associate may in our reasonable discretion decline to carry out a Transaction for or with you.

33 PRODUCT GOVERNANCE

- 33.1 The Company is required, when manufacturing and/or distributing financial instruments, to establish, implement and maintain procedures and measures to ensure that the manufacturing and/or distribution of financial instruments comply with the relevant product governance requirements, in a way that it is appropriate and proportionate taking into account the nature of the financial instrument, the investment service(s) and the needs of the Target Market of the product.
- 33.2 The Company ensures that the design of the financial instrument, including its features, does not adversely affect its end Clients or does not lead to problems with market integrity by enabling the Company to mitigate and/or dispose of its own risks or its exposure to the underlying assets of the product, where the Company already holds the underlying assets on own account.
- 33.3 In general, the Target Market compatible with the financial instruments manufactured and/or distributed by the Company is the group of clients with the following needs, characteristics and objectives:
- Client categorisation: Retail client, or professional client or eligible counterparty.
 - Level of knowledge and/or experience: Sufficient with regard to the financial instruments manufactured and/or distributed by the Company.
 - Financial situation with a focus on the loss-bearing ability: Willing and able to bear total loss of his/her investment.
 - Risk tolerance and compatibility of the risk/reward profile of the financial instruments with the target market: The Summary Risk Indicator ("SRI") score for the financial instruments manufactured and/or distributed by the Company is 7 out of 7. The SRI is a guide to the level of risk of financial instruments manufactured and/or distributed by the Company compared to other financial instruments. It shows how likely it is that these financial instruments will lose money because of movements in the markets. A SRI score of 7 out of 7 is the highest risk class.
 - Investment objectives and needs: In most cases, the investment objective is of speculative nature with a short-term investment horizon.

34 Charges

- 34.1 You will be charged a mark-up or mark-down which is the difference between the prices we receive from our liquidity providers and execution prices of your trades (this is commonly referred to as the "spread").
- 34.2 We may charge roll-over fees, as detailed further below.
- 34.3 You will pay our charges, details of which are set out in the Client Application Form and which may be amended from time to time by written notice from us to you.
- 34.4 Charges will be recorded and indicated on confirmations and monthly statements.
- 34.5 Any charges paid by you may be shared with one or more third parties. Details of such arrangements are available on written request.

- 34.6 We make a monthly charge for Accounts which are deemed by us to be inactive. Please see clause 42 (Inactive Accounts) below.
- 34.7 You will be responsible for the payment of any commissions, transfer fees, registration fees, taxes, duties and other fiscal liabilities and all other liabilities and costs properly payable or incurred by us under this Agreement.
- 34.8 When you enter into a trade with us you will be charged either a mark-up or mark-down, which is the difference between the execution of your trade.
- 34.9 Where any costs, charges, expenses or commissions owing to us are overdue for payment by a period of seven days, we may deduct such sums from any monies held by us for you without prior warning.
- 34.10 We shall be entitled to payment, to be paid separately on notice to you, of any expenses, charges or penalties which are incurred by us caused by your non-performance of your Obligations under this Agreement, including any applicable reasonable administration fees.
- 34.11 We shall be entitled to demand a fee payment for any type of abuse/prohibited trading activity performed in your trading account either solely or in connection with other clients of our company. Where our business relationship has been terminated but you, however, managed to successfully open an account and trade with our company due to any technical and/or human error, we reserve every right to immediately close your account upon identification, nullify any profit/loss generated and refund the original amount of deposit, excluding any deposit and withdrawal charges, back to the same source of deposit.
- 34.12 If we receive any amounts in respect of your Obligations under this Agreement in a currency other than that in which the amount was payable, we may convert that sum into the currency in which it was payable and deduct the costs of doing so from that amount.
- 34.13 Any deductions and credits applied to your Account will be in your Base Currency. Where the relevant primary currency of the Financial Instrument is different to your Base Currency, all calculations of deductions and credits will be undertaken in the Financial Instrument's primary currency and converted into your Base Currency at the current currency conversion rate. We shall be entitled to add a mark-up to the exchange rates. The prevailing mark-up will be defined on our website.
- 34.14 We shall not be held liable for any fees charged by your credit institution (or bank or banking institution) as a result of converting a deposit you made in your trading account which is denominated in a different currency than the Base Currency of your Account (e.g. You deposit an amount in GBP currency and the Base Currency of your trading Account is in USD).
- 34.15 If your Account(s) remain inactive for (twelve) 12 months, we reserve the right to charge you a one-off account maintenance fee of USD 15 (or currency equivalent), followed by a monthly fee of USD 5 for each month that the Account remains inactive in accordance with clause 42. We reserve the right to change the 12-month inactivity period as we deem necessary.

35 Roll-overs and Dividends

- 35.1 Some of the products which our Services relate to are considered open-ended contracts with no definitive close date. Such contracts will roll over each trading day until you instruct us to close the contract (and we accept, and act on, that instruction).
- 35.2 Unless you close a rolling contract before 21:00 GMT, we will automatically roll over such open contracts on your Account to the following Business Day, and subsequently charge you the relevant Roll-over fee in respect of each trade held overnight. Positions opened 21:00:01 are not subject to rollover until the next day, but if you open a position at 20:59:59, a rollover will take place at 21:00 GMT. For each position, open at 21:00 GMT a credit or debit appears on your account within 1 hour and will be directly applied to your equity account.
- 35.3 The Roll-over fee:

- may be positive or negative, meaning that you will either owe money to us or receive money from us each night a relevant contract is rolled over;
 - is calculated as the overnight interest rate differential between the two currencies on which the position is held depending on the position type and the current short-term interbank rate (with added mark-up);
 - will vary between currency pairs;
 - will be subject to contract quantity; and
 - is subject to change from time to time (see sub-clause 35.6 below).
- 35.4 Roll-overs are applied on every trading night. Although there is no Roll-over on Saturdays and Sundays when the markets are closed, banks still calculate interest on any position held over the weekend, and to level this time gap, we apply a 3-day Roll-over strategy on Wednesdays. Accordingly, on Wednesday night Roll-over/swaps are charged at triple rate.
- 35.5 We reserve the right to discontinue a rolling facility at any time, on 30 days' written notice to you, unless we are required by law, for any reason, to terminate it immediately (in which case, we will notify you as soon as is possible).
- 35.6 Roll-over fees/swap rates are posted on our website and are subject to change at our reasonable discretion.
- 35.7 We will apply dividend adjustments to your account if you have open trades on instruments that paid dividends to the holder. If you hold a long position, dividends will be credited to your account and in the case of short position your account will be debited.

- 36.5 You further represent and agree that you will not use our bid and ask prices for any purpose other than for your own trading purposes, and you agree not to redistribute our bid and ask prices to any other person whether such redistribution be for commercial or other purposes.

37 Liability

- 37.1 We shall not be liable for any breach of obligation or default of any counterparty, intermediate broker, bank, custodian, and sub- custodian, market or market operator, exchange, clearing house, depositary or other third party with whom you do business.
- 37.2 We will not be liable for loss suffered by you in connection with the Services unless such loss directly arises from our negligence, wilful default, fraud or failure to perform our obligations under this Agreement with reasonable care and skill.
- 37.3 You will pay us on demand all commissions and other charges due to us, premiums on any option purchased on your instructions, such sums as we may at any time require in or towards satisfaction of any debit balance on your Account or any Account comprised therein, and the amount of any trading loss that may result from any Transaction hereunder, interest and service charges due to us on the Account and our reasonable costs and legal fees incurred in collecting any such amounts. All payments shall be made in same day (or

immediately available) and freely transferable funds in such currency and to such bank as we may from time to time specify.

38 Delegation and Use of Agents

- 38.1 We may delegate any of our functions in respect of the Services to an Associate of ours and provide information about you and the Services to any such Associate. We will remain liable to you in the same way for all matters which we have delegated. We will act in good faith and with due diligence in our choice and use of such agents.

41.3 We may terminate the Agreement by giving not less than 30 calendar days' notice to you, unless there is an Event of Default under clause 30 or any circumstances under sub-clause 10.6 in which case, we may terminate this Agreement and close out any or all of your Open positions immediately.

41.4 Termination shall be without prejudice to the completion of any Transaction(s) already initiated or in progress, and any or all Transaction(s) outstanding at the time of termination will be completed by us as soon as possible, and settlement and delivery made.

41.5 No penalty or other additional payment will become due from either you or us in respect of a termination (by either of us) under this clause, save that you will pay:

- Any outstanding fees, costs, charges, expenses and liabilities accrued or incurred under this Agreement (pro-rated where appropriate) and payable by you to the date of termination;
- Any losses necessarily realised in settling or concluding outstanding Obligations; and
- Any other outstanding Obligations due and payable by you.

- each joint holder will have full authority on behalf of all the joint holders to deal with us as fully and completely as if it were the sole owner of the Account without any notice to the other joint holders. This includes any instruction to liquidate, close and/ or withdraw any balance from the Account;
 - any of the joint holders may give us an effective and final discharge in respect of any of their Obligations under this Agreement; and
 - any notice or communication given to one joint holder shall be deemed to be given to all, and unless otherwise agreed in writing, we may contact and deal with only one of you subject to any legal requirements to the contrary.
- 43.4 On the death of any of the joint Account holders:
- our Agreement will not terminate but remain binding on the other person(s) constituting our Client and we may treat such survivor(s) as the only person(s) party to this Agreement with us; and
 - we will transfer the balance of your Account, and responsibility for any obligations connected with the Account, into the survivors' / survivor's name(s).
- 43.5 Where you are trustees of a trust or personal representative of an estate, you undertake to give us notice forthwith of any change in trustees or personal representatives.

- 43.7 Any joint Account holder may ask us to convert the Account into a sole Account, however, in such an instance:
- we will require authority in writing from all joint Account holders before doing so; and
 - any person removed from the Account will continue to be liable for all obligations and liabilities under the Agreement relating only to the period before they were removed from the Account.
- 43.8 Notwithstanding the above, we may in our reasonable discretion:
- require joint instructions from some or all of the joint holders before taking any action under this Agreement; and
